

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich. — "I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong." —Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

Point of View.
Blox—Bilkins has the clearest head of any man I know.
Knox—I see where you are right. There is absolutely nothing in it.

AN EASY WAY TO GET RID OF UGLY PIMPLES
Bathe your face for several minutes with resolin soap and hot water, then apply a little resolin ointment very gently. Let this stay on ten minutes, and wash off with resolin soap and more hot water, finishing with a dash of cold water to close the pores. Do this once or twice a day, and you will be astonished to find how quickly the healing resolin medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvety.
Resolin ointment and resolin soap stop itching instantly and speedily heal skin humors, sores, burns, wounds and sunburn. Sold by all druggists.—Adv.

When a man's sins find him out they are apt to hang around until he comes in again.
Red Cross Ball Blue, made in America, therefore the best, delights the housewife. All good grocers. Adv.

If love is blind, how can it discover a locksmith to laugh at?

BIG INCREASE OF FARM PRODUCTS

Province of Alberta Shows Increase of Over 20 Millions.

Figures just compiled by the public branch of the provincial department show that last year, notwithstanding that quite a third of the province was affected by the drought to a very serious extent, the total value of agricultural products actually produced in the province showed an increase of over twenty million dollars over that of the previous year. Although southern Alberta had a bad year agriculturally, the province as a whole experienced a period of great prosperity, due principally to mixed farming, which is becoming more general with each succeeding year.

The value of mixed farming, in fact, was never better illustrated than last year as the value of the animals slaughtered and sold alone equaled the value of the spring wheat crop, without taking into consideration the value of the butter, milk, cheese, poultry, vegetables, and other by-products of the farm.

Oats was the banner grain crop 1,147,382 acres being seeded, and producing 34,397,117 bushels, or 30.15 to the acre. Sold at an average of 50¢ per bushel, these yielded a revenue of \$17,198,558. Comparatively little winter wheat was produced, the yield being a little short of one million bushels, but the spring wheat crop amounted to 15,102,083 bushels, the yield per acre being 15.26. At an average of \$1.35 per bushel, the value of the spring wheat crop was therefore \$20,387,812. The total production of barley was 7,847,640 bushels, which, at 55¢ per bushel, yielded a revenue of \$4,316,202.

Other productions were as follows: Flax, 207,115 bushels, \$210,672.00; rye, 261,843 bushels, \$196,392.00; spelt, 42,707 bushels, \$32,030.00; hay, 200,000 tons, \$2,500,000; potatoes, four million bushels, \$3,000,000; turnips, three million bushels, \$750,000; carrots, 360,000 bushels, \$180,000; mangolds, 640,000 bushels, \$320,000; animals slaughtered and sold, \$20,000,000; butter and cheese, \$1,500,000; milk, \$3,000,000; wool clip, 1,300,000 pounds, \$100,000; fish, \$195,000; game and furs, \$600,000; horticultural products, \$150,000; poultry and products, \$2,650,000.

The total of the agricultural products is given as \$78,516,891, as compared with \$58,098,084 in 1913. The statistics also show that the value of the live stock in the province at the end of the year was \$110,044,630, this being an increase of \$7,762,845 over the previous year. There were 609,125 horses, 750,789 swine, 501,188 sheep, 192,905 dairy cows, 165,035 other cows, 190,923 beef cattle and 533,020 other cattle.—Advertisement.

Safety First.
"Why did you risk your life to save that man from drowning?"
"He owes me \$192."

White Hollands Do Not Visit Corn Fields in Fall Gorging Themselves on Unripened Grain.
An experienced poultry raiser was asked why so few White Holland turkeys were afflicted with blackhead. Was it because they are more hardy than any other breed of turkey?
His reply was that while the constant introduction of new blood into the White Holland would produce a

FARM POULTRY

INFERTILE EGGS KEEP BEST

Do Not Permit Male Bird With Flock After Hatching Season—Farmer Sustains Big Loss.

It is conservatively estimated that there is an annual loss in eggs in this country of \$45,000,000. Practically all of this enormous loss is sustained by the farmers of this country, as it is on the general farms that the great bulk of eggs is produced. A very great part of this loss can be prevented by the production of infertile eggs which are laid by hens that do not have a male bird with them. The male bird has no influence whatever on the number of eggs laid. Therefore, as soon as the hatching season is over the male should be removed from the flock.

The greatest trouble from blood rings in eggs occurs in hot weather. Special care should be given to the gathering and storing of the eggs during the late spring and summer months. At these times the eggs should be gathered at least twice a day, placed in a room or cellar where the temperature does not rise above 70 degrees Fahrenheit, and marketed two or three times a week.

Blood rings are caused by the development of the embryo of a fertile egg and its subsequent death. It is impossible to hatch an infertile egg or cause a blood ring to form in one. It is generally considered that eggs become infertile from seven to fourteen days after the male bird is removed from the flock. Repeated experiments have shown that where fertile and infertile eggs are kept under similar conditions, the fertile eggs spoiled much quicker, due to the fact that they deteriorate faster than infertile eggs in the average summer temperature. Summer heat has the same effect as the hen or incubator on fertile eggs. Sell, kill, or confine the male bird as soon as the hatching season is over.

CHIEF CAUSE OF BLACKHEAD

White Hollands Do Not Visit Corn Fields in Fall Gorging Themselves on Unripened Grain.

An experienced poultry raiser was asked why so few White Holland turkeys were afflicted with blackhead. Was it because they are more hardy than any other breed of turkey?
His reply was that while the constant introduction of new blood into the White Holland would produce a

White Holland Turkey.
more robust specimen than the Bronze the latter breed being so common in neighborhoods that the stock is apt to be related, he believed the real reason for the absence of blackhead in White Holland flocks was the fact that, as a rule, they do not visit corn fields in the fall, gorging on unripened grain, which is the chief cause of blackhead in turkeys.

White Holland Turkey.

BIG LOSS IN YOUNG CHICKS
On Many Farms It Will Run From 25 to 30 per cent—Sour Milk Offsets Digestive Troubles.
On many farms well equipped with poultry appliances the loss in young chicks will run as high as 25 and 30 per cent.
What, then, must it be on farms where the chickens are not provided with extra good houses, warmth and care except such as the hen gives?
But nowadays on such farms as these last the feeding of good, fresh, sour milk has greatly raised the list of the chicks that live. Sour milk offsets the digestive troubles that cold and bad care brings about and gives the strength meat gives to the growing chick.

Make Best Roosts.
Two-by-fours make better roosts than round poles that the fowls can put their toes around. Put the four-inch surface up. Hens rest on their breast bones instead of their legs, and the hens will not get crooked breast bones from resting on two-by-fours.

Tommy's Prize.
"Well, Tommy, I suppose you are entitled to something nice as a reward for graduating from the public school," said the friendly aunt. "What has your father planned for you?"
"He says I can help take care of the garden during the summer vacation," said Tommy, "and every time I think of it I wish I had failed in my examinations."

Easily Pleased.
"Guess I'd better order a few going-away gowns," said she brightly.
"Nix on the going-away gowns, my dear," said her husband gloomily. "I can't afford to take you anywhere this summer."
"All right," was the cheerful response. "Then I'll just order a few staying at home gowns."

The War Zone.
"Have a piece of this old English cheese?"
"Why, it looks like Swiss cheese; it's full of holes."
"Yes, I know; it got riddled coming over."
Wash day is smile day if you use Red Cross Ball Blue, American made, therefore the best made. Adv.

A woman has more honor than a man—that is, more clothes on 'er.
It's a poor mule that won't work both ways.

The Effects of Opiates.
THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.
The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.
Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.
Genuine Castoria always bears the signature of *Chas. H. Fletcher*

Wrong Document.
The "Tommy" on leave from the front had been given a free railway pass to take him home to see his people, and utilized part of his brief holiday to get married. On the return journey, when the ticket inspector asked to see his pass, he produced by accident his marriage certificate.
The inspector handed the paper back with a glimmer of a smile.
"This is a ticket for a very long and wearisome journey, young man," he said, "but not on this line."

Hard on Her.
"This ten o'clock closing is a nuisance," observed a shawled lady to her neighbor.
"Well, what difference does it make to you, seein' you never drink?"
"Why, once my 'usbud always come 'ome at eleven after we was all in bed, and glad he was to get any bits of supper left for 'im. But now he's in at-ten, and the trouble I 'ave to get anything he fancies you can't imagine."

The Past Tense.
"Did I understand you to say the woman Dubbins married is well off?"
"No; she was."

Lesser Evil.
"I see they are having fresh earthquake shocks in California."
"Yes; criticized as it is, I prefer our ground rent system to the one they have out there."
Sometimes a man goes to church on Sunday rather than spend the day at home.

Temporary Reverse.
Fogarty (a moderate drinker)—I'll bet ye th' Rooshians are beginning 't feel th' loss iv vodka.
Flaherty (warmly)—Don't ye lose any slape over it. Mar-rk me wur-ruds, they'll retake it ag'in before long.—Puck.

Lesser Evil.
"I see they are having fresh earthquake shocks in California."
"Yes; criticized as it is, I prefer our ground rent system to the one they have out there."
Sometimes a man goes to church on Sunday rather than spend the day at home.

Make the Liver Do its Duty
Nine times in ten when the liver is right the stomach and bowels are right. **CARTER'S LITTLE LIVER PILLS** gently but firmly compel a lazy liver to do its duty.
Cures Constipation, Indigestion, Sick Headache, and Distress After Eating. **SMALL PILL, SMALL DOSE, SMALL PRICE, Genuine must bear Signature**

BLACK LEG
LOSSES SURELY PREVENTED by Carter's Blacking Pills. Lotioned, fresh, reliable; performed by Western stockmen, because they protect where other vaselines fail. Write for booklet and testimonials. 15-dose saps. Blacking Pills \$1.00 (25-dose saps. Blacking Pills \$2.00) the size of a pea. But Carter's best. The superiority of Carter's products is due to over 10 years of specializing in vaselines and ointments. Write as Carter's. If unsatisfactory, order direct. The Cutter Laboratory, Berkeley, Cal., or Chicago, Ill.

DAISY FLY KILLER
placed anywhere, attracts and kills all flies. Fast, clean, non-toxic, non-staining, non-irritating. Lasts all season. Made of soap. Will not soil or injure anything. Guaranteed effective. All dealers or send express paid for 50¢. **PARKER'S HAIR BALSAM**
A toilet preparation of merit. Helps to eradicate dandruff. For Restoring Color and Beauty to Gray or Faded Hair. 50¢ and \$1.00 at Druggists.

INFORMATION EASY TO GIVE
Daddy Happily in Possession of Knowledge as to Where One Vacuum Was Located.
The good man had just been informed by the only person who could possibly possess the information that he hadn't an ounce of sense, that he had never had an ounce of sense, and that there was not the remotest chance that he ever would have an ounce of sense.
Having been assured on these points, the good man turned to his paper, only to be interrupted by his young son and heir:
"Father," asked the boy, "what is a vacuum and where can I find one?"
"My boy," replied the good man, "if we are to assume that your mother is qualified to speak on the subject, I possess the only real vacuum in the neighborhood and, for your further information, it is situated just between my collar and the glossy open space where I used to grow hair."
"You mean your dome?"
"Yes, my son, that is the family vacuum."

No Sale.
"Can I interest you in a set of the 'Secret Memoirs of the Court of Louis XIV'?" asked the book agent.
"No, you can't," answered his intended victim. "I'm all fed up with that kind of reading. I'm a court stenographer, and I've just finished transcribing the testimony in a sensational divorce case."

Consequences.
"How uphill that girl is!"
"No wonder. Her father made his money building skyscrapers."
China has a government lottery.

The ripened kernels of pearly white Indian Corn with their succulent goodness, are cooked, then rolled into thin, wafery bits, and toasted to a golden brown.
Add a little cream and sugar—perhaps some fresh berries—and the combination smacks wondrous good.
Post Toasties are untouched by human hand from start to finish of the making, and come to you crisp and sweet—ready to eat from the package. Wholesome, nourishing—a Royal dish for hot days—and all days.
